

Privacy Notice - Review Draft

Important status

This is a privacy implementation draft pending Israeli legal review, database mapping and completion of the controller's legal identity.

Information collected

Contact and account details; service request, address and scheduling information; private photos and files; quotes, payments and refunds; job status and evidence; support communications; consent, security and audit records; device and usage information needed to operate and protect the service.

Purposes

Respond to requests, assess scope and safety, prepare quotes, assign approved providers, operate communication, process payment and payout, document quality, resolve issues, secure the service, comply with law and improve operations using truthful aggregated measures.

Sharing

Information is shared only with assigned service partners and processors to the minimum necessary, and with advisers, insurers, payment providers or authorities where legally or operationally required. CleanFixHarish does not sell private home photos or customer contact lists.

Provider access

Exact address and job media are withheld until confirmed assignment where practical. Provider access is limited to job necessity, time, role and audit controls. Providers may not use customer information for independent marketing or direct solicitation.

Retention and security

Retention periods must be approved by counsel and mapped by data category. Financial and legal records may require longer retention. Access control, encryption in transit, backups, audit logs and incident procedures are used proportionately; no system can promise absolute security.

Marketing

Marketing messages require the appropriate consent and a working opt-out. Transactional service messages are separated from promotional messages. Groups and forums are not scraped or mass messaged.

Choices and requests

Subject to applicable law, people may request access, correction, deletion, consent withdrawal or information about processing. Some records may be retained for legal, financial, safety or dispute purposes.

International processors

Any processing outside Israel, cross-border transfer basis and current processor list must be confirmed and disclosed before this notice becomes effective.

Contact

Privacy requests: info@cleanfixharish.co.il | 050-827-5505. Counsel must add the controller's full legal identity, response procedure and effective date.
